2025 ANNUAL REPORT

THANK YOU!

Because of you, 2025 was a year of meaningful growth and impact for FIGS of Wake County.

Together, we served **5,273 neighbors** across Wake County, providing access to **35,230 prescriptions** and distributing a record **2,150 over-the-counter health kits**—each assembled by dedicated volunteers.

This year, we expanded our reach in important ways. We welcomed **Kings Ridge**, supporting residents transitioning out of homelessness with access to essential medicines at a critical moment of stability. We also launched our **OTC Medicine Chest program**, equipping partner agencies with everyday over-the-counter medicines so they can provide immediate relief to the clients they serve.

At the same time, our **Caring Measures** program continued to grow, helping individuals monitor and manage their blood pressure from home—building confidence, consistency, and better health outcomes.

Behind every number is a neighbor whose life is made more stable, more manageable, and more hopeful.

With more than **70,000 uninsured residents in Wake County**, the need continues to rise—but so does our impact, thanks to you.

Thank you for helping us stand in the gap.
